SUPPORTING BIOMEDICAL INVESTIGATION

900 THIRD AVENUE  
NEW YORK, NY 10022  
(212) 421-8885

JAMES F. GLENN, M.D.  
CHAIRMAN OF THE BOARD  
CHIEF EXECUTIVE OFFICER

MEMO TO: Board of Directors of CTR  
FROM: James F. Glenn, M.D.,  
Chairman of the Board  
SUBJECT: Conference on Neuroreceptors  
DATE: February 4, 1993

You will recall that I mentioned to you many months ago our interest in a potential conference on neuroreceptors, particularly since so much current attention is being given to nicotinic receptors. I am pleased to inform you that the New York Academy of Sciences has agreed to sponsor such a conference. A program is now being developed. The date has not been set, but I am confident it will take a year or more to put this together. At some point in the future, I will come to you for assistance in funding this potentially landmark meeting.
